1

Reading Buses Orange Routes 12/13/14

Reading - Woodley

I'd go as far as saying these buses are some of the most innovative around. You won't miss the buses - they're in a bright orange livery complemented by tasteful LED strip lighting above the windows. Additionally, large colour TFT information screens mark a step-change in accessible public transport.

2

Reading Buses Royal Blue 33/33a

Reading - Tilehurst - Turnhams Farm/Tilehurst Triangle

The world's first gas double deckers made their entrance on this West Reading corridor; helpfully, they boast two wheelchair bays and are packed with creature comforts such as NFC phone charging points and USB charging ports. All encased in an attractive body with livery by Best Impressions.

3

Carousel Buses Regatta X80

Reading - Shiplake - Henley-on-Thames - High Wycombe

A new entrant to the bus scene in Reading, Carousel takes on Arriva's long standing 800/850 services on the High Wycombe corridor. With 'Regatta' branded micro-hybrid buses, this service has garnered increasing patronage since its inception. It's worth a ride to see what they're doing right.

Reading Station - Heathrow Airport

Guilty as charged - it's not a bus service. No - it's a luxury coach brand offering travel on modern coaches, resplendent in an attractive two-tone livery. Plus, there's a waiting room at Reading too!
