## Slough

### We recommend...

1

#### **First Berkshire 7/N7**

Slough - Langley - Heathrow Airport

The new First Berkshire network has been controversial to say the least. Amongst the changes, routes 75,76,77 and 78 have been replaced by a new 24/7 service, running every 10 minutes between Slough and Heathrow. Hybrid bus operation outshadows the somewhat shaky reliability.

#### **London United 81 (TfL)**

Slough - Langley - Colnbrook - Poyle - Heathrow - Hounslow

The most western outshoot of the TfL reaches Slough in the form of the 81. It's not quite the same as in London Regional Transport days, but the mainstay of ADL Enviro 400s are quite a sight every 12 minutes down the narrow roads of Colnbrook and Poyle. It's certainly a picturesque journey!
